ABOUT THE LOCATION

We are offering something that has never been in the EUDY history, one camp in two places. Why? Short story: we were really enchanted to organize the camp in Romania because I never thought we would succeed until here. In Romania have the mountains and the sea. We thought to offer young these two places to enjoy both natures and to discover our country. These natures can perfectly represent a camp. In the time of the camp, it has to be a half of the full program in which everyone concentrates on the theme of camp and to be united in the mountain, and in the other half to explore the taste of freedom of fun at sea, enjoying the free time.
