# **EXPLANATION OF THE THEME**

## **“DEAF SCOUT”**

**We have chosen Deaf Scout as our topic for incoming children camp because it contains a variety of meanings that align perfectly with the current world's important themes. Our goal is to reexplore and therefore deepen our connection to nature by spending a lot of time with it together and immersing ourselves in its beauty. This next year's camp is all about engaging with nature through exciting activities, learning teamwork, resourcefulness, and environmental sense of responsibility and understanding the values crucial for our survival in a changing world. Nothing is alone when we are all together in this.**

# LEADERS

There are some important guidelines about seeking a leader. Leaders must be Deaf. They should be aged minimum from 21 but we recommend 25. They should be fluent in International Sign and know their sign language in their own country. They have previous experience working at camps or with children. The leader's task is to take care of children from their country. A leader accompanies them on arrival and departure and makes sure that all participants are enjoying themselves at camp. They will be able to work in a team with leaders from other countries and are primarily responsible for their campers. Of course, they will also participate in activities during the camp.

# PARTICIPANTS

The age of children camp is between 9 and 12 years old. The participants must be 9 years old before the first day of the camp or during the camp. Also children who will turn the age of 13 before the camp will not be allowed to participate. The camp is allowed from 31 countries. This means that 2 children per country are allowed to participate. However, if there is a shortage of registrations, 2 additional children may be allowed as a "reserve" for registration.
