ERASMUS+

Deutsche Gehörlosen-Jugend (Germany YNAD) submitted its application for Erasmus+ in October. The whole 10-week delay has finally come to an end. We are very relieved and had been very worried. Now many deafblind participants can look forward to receiving a grant for the camp, which will support both the travel costs and the DBA. The price for participation has been adjusted and the reimbursement of travel costs will be taken into account depending on the distance. We can exchange all further details by e-mail.

Erasmus+

PARTICIPANTS

Deafblind people from all over Europe can take part in an EDBY camp in Germany. Regardless of Erasmus+, all participants from Europe are welcome. On the next page we have formulated clear conditions that participants must fulfill for the camp. Communication will be mainly in tactile sign language using International Sign. Interpreters for spoken and sign language will be provided based on the information provided at registration. Interpreting into your own language must be organized by yourself.

Participants

Each country can register 2 participants and another 4 participants can be put on the waiting list. All participants must be between 18 and 35 years old, have both a hearing and a visual impairment and attend the camp continuously from July 21 to 31. By arrangement, older participants up to 38 or 40 years of age may also attend.

Skills

We recommend that participants have the skills to contribute to the workshops and group activities and that they can continue to be active in the future. The basic requirement for communication is that they have a basic knowledge of English.

Disadvantage

Please consider and support participants facing disadvantages, including women, those with BIPoC, queer, or disability. We prioritize diversity.

DEAFBLIND ASSISTANCE

Each participant can be accompanied by one deafblind assistant (DBA). The DBAs must have experience in dealing with the world of deafblind people and have the appropriate qualifications in their respective country. They must be registered on a form by 15th May 2024.

The costs for all deafblind assistant cannot be covered by Erasmus+ and must be paid out of your own pocket. However, your participation and transportation costs will be covered by us. If a participant needs two DBAs or financial support, please contact us and we will find a solution.

REGISTRATIONS

Registration is already open. Participants can only be selected by recognized national organizations. The registration link for participants will be sent to the national organizations in a separate e-mail. The list of organizations can be found here in the [link](#). There are three different forms with links: one for participants, one for the waiting list and one for DBAs. The registration deadline is 15th May, 2024, after which registration will be closed and the waiting list process will begin. If you need more time to register, please let us know as soon as possible.

PS: The e-mail exchange for participants and DBAs takes place via a special e-mail address. You will only find out the special e-mail address once you have registered the form. You can use it to ask questions and receive feedback.

PROGRAM

The program of the camp can be found in a separate document. It is a general program and the schedule has been developed specifically for deafblind people, which we are used to from other non-deafblind events. HOMEPAGE

If you didn't know already, our [website on EDBYouth](#) has been up since the European Deafblind Day on 21st October, 2023. You can find all the important information about EDBY Camp there for both you and the participants.

Since we, the team, work on a voluntary basis and cover several expenses for meetings out of our own pockets, we rely on donations. We would greatly appreciate your support. Please help us by spreading the word to your network, and consider making donations on this page:

ONLINE STREAM

Have you noticed that we recently did an online stream about the camp, in which we reported on the camp? All team members, volunteers and awareness wanted to have a final team meeting.

We wanted to prepare for that first. And with the online streaming, we wanted to convey that we are serious and still need a lot of participants.

If you missed it, you can watch the recording in full on [Facebook \(link\)](#). And there are still our own public interviews or presentations by and about deafblind young people who are interested.

You can find all the information on social media, especially on Facebook and Instagram. Don't miss this opportunity! Please help to make the European Deafblind Youth Camp unforgettable.

CONCLUSION

We hope that you have received numerical information. We all dream that more deafblind people will be introduced in every country. To encourage them, a camp like this can be valuable.

Participants and their DBA will receive by us an external information and a detailed handbook with everything they need to know. This includes the official program schedule, details on pick-up at Düsseldorf Airport, a list of things to bring, general camp rules and emergency information.

Don't miss the further information on our website, Instagram and Facebook.
